7th International Conference on Stroke & Cerebrovascular Disease

February 26-27, 2025 | Prague | Czech Republic
Theme: Vision towards Stroke & Cerebrovascular Disease Recovery

Scientific Program

February 26, 2025

Time	10:00 AM
09:55-10:00	Opening Ceremony
Keynote Presentations	
10:00-10:25	Title: Time is brain, so we must BEFAST: Improving stroke identification and triage in a rural emergency department. Donna Jay Rural, Shoalhaven District Memorial Hospital Nowra NSW, Australia
10:25-10:50	Title: The Choice Advantage: How Great Decisions Shape Extraordinary Lives. Marissa Johanson, Wise Life Strategies USA
10:50-11:15	Title: New insight of early postoperative impaired dynamic cerebral autoregulation as a predictor in acute ischemic lesions after carotid revascularization by transcranial doppler (TCD): a prospective study Yunlu Tao, Xuanwu Hospital in Beijing, China
11:15-11:40	Title: Surgical Outcomes for Elective Treatment of Unruptured Intracranial Aneurysms: A Low Volume Island Centre Perspective [Poster Presentation] Caleb Handasyde, Royal Hobart Hospital, Tasmania, Australia
11:15-11:40	Title: Endovascular Management of Cerebral Vasospasm [Video Presentation] Alberto Maud, Texas Tech University Health Sciences Center, USA
Break Time	20 Minutes
Session On	Stroke, Stroke Neuroimaging, Subarachnoid Hemorrhage, Aneurysms, Vascular Malformations, Intracerebral Hemorrhage, Carotid Revascularization, Stroke Neuroimaging, Stroke Biomarkers and Omics Research, Clinical Trials (Observational and Randomized Studies), Stroke Prevention (Primary and Secondary), Vascular Cognitive
Plenary Presentations	
11:40-12:05	Title: Towards a Distinct Experience and Optimum Quality of Life for Stroke Patients Sultana Matar Al Harbi, Hospital of Saudi Arabia, Saudi Arabia
12:05-12:30	Title: Measuring the Energy cost of walking and functional Characteristics between household ambulators vs Community ambulators in chronic stroke patients: a comparative Cross-sectional analysis Farooqi Salman, Universiti Malaysia, Malaysia
12:30-12:55	Title:ATF3 is a neuron-specific biomarker for spinal cord injury and ischaemic stroke Zhonghui Guan, University of California San Francisco, USA
13:45-14:10	Title: Percutaneous Stenoscopic Lumbar decompression Nurbyek Baban, Grandmed Hospital, Mongolia
14:10-14:35	Title: Transcranial Doppler and head elevation maneuver in Cerebral Hemodynamics assessment in ICU septic patients. Juan Roly Condori Jamachi, Instituto Nacional de Ciencias Médicas y Nutrición Salvador Zubiran, México
14:35-15:00	Title: First-line Contact Aspiration versus First-line Stent Retriever for Acute Posterior Circulation Strokes: An Updated Meta-analysis Zhenqiang Li, Ningbo Medical Center Lihuili Hospital, Ningbo, China
